HOOPES, BROTHER & THOMAS,

Maple Avenue Nurseries,

WEST CHESTER, PA.

SEMI-ANNUAL TRADE LIST.

SPRING, 1894.

WHILE we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty, expressed or implied, and, in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price of the trees.

TWO MEDALS AND DIPLOMAS,

AWARDED BY

UNITED STATES CENTENNIAL COMMISSION.

MACCALLA & COMPANY, PRS., 227-9 DOCK ST., PHILA.

NOTICE TO PURCHASERS.

THIS list is intended for Nurserymen, Florists and Dealers only, and supersedes all previous editions. The prices are for the quantities named. Five Hundred, Fifty, and Five, will be furnished at the Thousand, Hundred, and Ten rates, respectively. On smaller quantities a discount from our retail prices will be made to the trade. Dealers will be furnished at the lowest rates, when their bills exceed two hundred dollars.

Our Nurseries,

Covering 300 Acres, with a large amount of glass, are in the immediate vicinity of West Chester, which is situated twenty-seven miles west of Philadelphia, and with which we have nearly hourly communication by two railroads—one a direct road, the other a branch of the Pennsylvania Central, and from which we have a siding to our packing-house. By the latter route we are enabled to ship to all parts of the country, without transfer in Philadelphia, and at very low rates to distant points.

Our Office,

Situated at Maple Avenue Station, is ten minutes' walk from the Main Station in West Chester. Trains leave Broad Street Station, Philadelphia, for Maple Avenue, 6.15, 7.15, 8.50, 9.45, 11.45 A.M.; 12.45, 2.44, 4.35, 4.44, 5.43, 6.45, 8.15 and 11.45 P.M. Return, 5.55, 6.25, 6.41, 7.44, 7.58, 9.16, 10.51, 11.55 A.M.; 1.58, 4.53, 6.23 and 10.25 P.M. Leave Broad Street Station for West Chester, 6.15, 7.15, 7.17, 8.46, 8.50, 9.45, 11.12, 11.45 A.M.; 12.45, 1.28, 2.44, 2.53, 3.47, 4.32, 4.35, 4.44, 4.55, 5.43, 5.44, 6.23, 6.45, 8.15, 8.23, 10.32, 11.43, and 11.45 P.M. Return, 5.10, 5.54, 6.00, 6.24, 6.40, 6.47, 7.35, 7.43, 8.25, 9.10, 9.15, 10.50, 11.25, 11.54 A.M.; 1.05, 1.57, 3.00, 4.50, 4.52, 6.05, 6.22, 7.15, 10.05 and 10.24 P.M.

The Packing Season

Generally commences from the first to the middle of March in the Spring, and about the first of October in the Autumn. The season is not regulated, however, by any definite date, nor by the state of vegetation at the locality of the planter, but by the condition of the trees when received. Parties south of us may receive our trees some weeks after their season has opened, yet when planted they will give entire satisfaction.

Packing.

All orders are carefully packed in bales or boxes, for which a charge is made sufficient to remunerate for the cost of material and time.

Shipping.

Our shipping facilities to the West by fast freight lines, and to New England and the South by various steamship lines, are unexcelled in rapidity of transit and low rates of freight charges.

Purchasers are requested to name the mode of conveyance by which they desire their shipments, OTHERWISE WE WILL DESPATCH TO THE BEST OF OUR JUDGMENT. AFTER DELIVERING TO THE FORWARDERS, ALL ARTICLES ARE ENTIRELY AT THE RISK OF THE PURCHASER; AND SHOULD ANY LOSS OR DELAY OCCUR, THE FORWARDERS ALONE MUST BE HELD RESPONSIBLE.

All packages delivered free of cartage at the Depots and Express Offices in West Chester.

Parties desiring stock shipped per express C. O. D., MUST accompany their order with cash to one-half the amount, otherwise no attention will be paid to the same.

Claims.

All claims for errors and deficiencies must be made within TEN DAYS after receipt of the stock. We desire to be notified of mistakes as early as possible, so that we may rectify the same without delay.

Terms, Cash.

The following Catalogues will be mailed on application, viz.:

- No. 1. Descriptive Catalogue of Fruits, three 2-cent stamps.
- No. 2. Illustrative and Descriptive Catalogue of Ornamental Trees, etc., 10 cents.
- No. 3. Wholesale Trade List, free.

Hoopes, Brother & Thomas.

WEST CHESTER, PA., February, 1894.

FRUIT DEPARTMENT.

THESE prices are for our selection of varieties, but we will adhere as closely as possible to the wish of the purchaser. In no case will we supply long lists of selected varieties of either Fruit or Ornamental Trees at wholesale rates, but will allow a discount on our retail prices proportionate to the amount of the order.

ROUGE DE MARLY, the variety used by the Parisian florists for forcing, 2 to 3 feet	1 00		
WEeping (Pekinensis pendula), new, grafted on straight single stems, a decidedly pendulous and graceful form. The flowers resemble the ordinary Persian Lilac. 2 to 4 feet stems	4 00	30 00	
NEW VARIETIES, strong one year buds, mostly 2 to 3 feet high (described below). Price, except otherwise noted...	1 50	12 00	
Having tested a large number of the most popular and highly recommended foreign varieties as they were annually introduced, and selected only those for propagation that possessed a high order of merit, we confidently believe the following list embraces all the finest qualities known to this charming shrub.			
AMBROISE VERSCHAFFELT, very pretty pale pink, with large trusses. Good grower and distinct.			
BERTHA DAMMANN, very large pure white trusses, and a profuse bloomer.			
BÉRANGER, pure purplish lilac, extra-fine truss, and large individual flowers.			
CERULEA SUPERBA, immense trusses of bluish-lilac flowers. Strong grower.			
FLORA PLENA, one of the oldest of the double Lilacs, and an excellent kind. Simply a double VULGARIS. Large and fine.			
GLOIRE DE CRONCELS, bright reddish color, very distinct and fine. One of the best.			
GLOIRE DE LORRAINE, very fine large purplish lilac. An excellent and distinct kind.			
LANGIUS, peculiar flesh-colored tint, fine truss. Very distinct and pretty.			

	Per 10.	Per 100.	Per 1000.
LAVANENSIS, a beautiful double rose lilac. Strong grower and showy.			
MATHIEU DE DOMBASLE, one of the very best. Large truss of double rich reddish lilac.			
MADAME MOSER, beautiful pure white, of strong growth and large foliage.			
NIGRICANS, trusses large and compact, very deep reddish lilac. Foliage dark green.			
PRÉSIDENT MASSART, very large trusses of a pale-blue tint. Distinct and a great bloomer.			
PRINCESSE MARIE is a new snow-white variety, blooming freely. It is a fine, strong grower, with large, healthy foliage.			
PYRAMIDALIS, an exceedingly fine novelty with large full semi-double flowers. Rose colored.			
PROFESSEUR STOCKART, dwarf grower, with large trusses of reddish-lilac flowers. Free bloomer.			
RENONCULE, exceedingly double, short compact truss. Pale reddish lilac.			
RUBRA INSIGNIS, large clusters of large flowers, reddish lilac. Strong grower.			
ROTHOMAGENSIS MÉTENSIS, very large individual flowers. Pale reddish lilac.			
SOUVENIR DE LA SPATH, the most distinct and beautiful variety in the collection, trusses immense, very compact, florets very large, deep purplish red. Growth vigorous.	\$2 00	\$15 00	
SAUGEANA, a member of the Persian group, with reddish-purple flowers. Fine strong grower.			
VILLE DE TROYES, one of the finest, trusses and florets very large. Rosy or reddish lilac.			
VIOLACEA, short compact trusses of pale blue very double flowers. Strong grower.			
VIRGINAL, very distinct, large pure white flower and truss. Growth strong, free bloomer.			
NEW VARIETIES, assorted, strong two and three years' old budded plants, 2 to 3 and 3 to 4 feet, depending on the variety, embracing such valuable Lilacs as VERSCHAFFELT, JOSIKEA, DR. LINDLEY, VILLE DE TROYES, VIRGINAL, MME. MOSER, MATHIEU DE DOMBASLE, LANGIUS, AMBROISE VRSCHAFFELT, NIGRICANS, PROF. STOCKART, GLOIRE DE CRONCELS, HYACINTHAFLORA, GLOIRE DE LORRAINE, etc.	1 75	15 00	
JAPONICA, a new and unique species from Japan, attaining the size of a tree, with large panicles of white flowers. Foliage very large, thick, and deep green color. Strong one-year-old plants, 2 to 3 feet high	2 00		
JAPONICA, 2 years, 3 to 4 feet	3 00		
VILLOSA, another new Japanese species with foliage resembling the White Fringe (Chionanthus), and producing immense panicles of white flowers late in the season, 2 to 3 feet, one year from bud.	2 00
